Floods In East Texas Cause Train Annulment

G. H. Trains Nos. 101 and has reported for duty. Extra fireman Rhodes is firing for him.

Sam Marner, extra fireman for the western division of the Southwestern, is making a few freight trips, between El Faso and Hachta with engineer Fred Kincaid.

J. B. Prothro, passenger engineer for the Southwestern, between El Paso and

HE de luxe passenger trains Nos. 101 and 102, of the G. H. & S. A. have been temporarily annulled on account of washouts east of San Antonio, Tex. Trains Nos. 9 and 10 are continuing to run, but only between El Paso and San Antonio. They cannot go any further. The deluxe trains continue to be run between El Paso and

the coast.

As a result of these trains being pulled off between El Paso and New Orleans, two coaches and all of the standard and tourist cars arriving daily on the de luxe trains from Callfornia, are delivered to the Texas & Facific railroad at El Paso, and are taken as far east as Dallas, Tex., over that road. Three G. H. passenger crews have been displaced, owing to the washouts, and will probably take freight turns between El Paso and Vaientine, until the situation im-Valentine, until the situation im-

Valentine, until the situation improves.

The presidents' special of the Southern Pacific arrived in El Paso Wednerned evening on an inspection trip and after a short layover the officials were sent mack to their different offices. Among those on the special train were: President William Sproule, with headquarters at San Francisco, Cal., W. R. Scott, seneral manager of the Pacific division, of the S. P., with headquarters at San Francisco, Cal.; H. E. Platt, general superintendent at San Francisco, and J. H. Dyer, superintendent of the Turson division of the S. P., with headquarters at Tucson, Ariz. They left (Wednesday night at 7:52. The engineer and conductor were given running orders to make a record runrunning orders to make a record run-

Owing to the increased traffic in the fast freight and "mixed" departments of the western division of the Southof the western division of the South-western system, between El Paso and Tucson, the company officials have in-creased the speed limit to 35 miles an hour. This increase went into effect with time table No. 27. Dec. 8. The trains that will be concerned are Nos. \$2 and \$3, and 7 and 8.

James Ross, extra fireman for the Scuttiwestern between El Paso and Carrizozo, is making freight trips with engineer W. C. Hudnall. Rost Gello

engineer W. C. Hudnall.

Bert Gwin, passenger fireman for
the Southwestern, between El Paso and
Carrizozo, is back to firing freight.
He bumped onto the local turn with
engineer Mike Pettinger, relieving
fireman James Wylle, who has taken a
through freight run with engineer.
Frank Eschwig, between El Paso and
Carrizozo, displacing fireman I. W.
Sampson.

"Shorty" Ross has entered the services of the freight department of the G. H. & S. A. at El Paso as yard clerk, and was assigned to the night shift.
R. N. Booker, passenger fireman for the Southwestern, on the "stub run" out of Douglas, has arrived in this city, and humped onto a passenger turns Nos 2 and 4, between El Paso and Douglas, with engineer G. R. Heeves. He displaced fireman Carl Sanden.

Sanden.
Increased slag pit business on the western division of the Southwestern, caused the company to double head the slag pit engine yesterday evening. C. C. Orr, is firing one of the turns.

Bee McLearn, engineer for the Southwestern between El Pavo and Hachita, has recovered from a short illness and

Just See Your Pimples Flee

After You Have Used Stunrt's Calcium Wafers and Rid Your Blood of All Its Impurities.

The abolishing of all skin disorders must begin with the blood. Lotions, salves, cosmetics, etc., will do no material good. The trouble comes from within and there the remedy must be

you really desire quick action and at the same time a common sense, nat-ural, harmless blood purifier, then Stuart's Calcium Wafers is this remedy.

*After Using Stnart's Calcium Wafers My Pimples Went Away Like Magle"

The correct and best blood purifier known to science is—Calcium Sulphide. This great cleanser is contained in proper quantities in Stuart's Calcium Wafers and that is why all blood troubles and skin blemishes rapidly disappear after their use.

An unsightful and pimply face due to impure blood is one of the most disgusting sights one can see and yet all about us, upon the streets, in the theatra, when traveling, etc., we see these horrible results.

There is no need for this condition if you will take Stuart's Calcium Wafers daily and keep all salves, lotions, cosmetics and other harmful prepartions from clogging the pores.

Every Brat-class druggist in this country carries Stuart's Calcium Wafers, which are pleasant to take, harmless, and may be obtained for 50 cents a box.—Advertisement.

"CASCARETS" ALWAYS STRAIGHTEN YOU UP

Rf Costive, Hendachy, Bilious, Stom-ach Sour, Breath Bad-Clenn Your Liver and Bowels,

Get a 16-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, disziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, discdered stomach, or have backache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cantartic pilis or castor oil?

Cascarets work while you sleep; cleans the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated wiste matter and poison in the bowels.

A Cascaret to-night will straighten you out by morning—a 16-cent box from any drug store will keep your stomach sweet; liver and bowels regular and beautifules. Get a 10-cent box now.

SMALL DAUGHTER SEES PARENTS WED

ifwood Marries Woman on Eve of Departure for Federal Prison to Serve White Slave Sentence.

White Slave Sentence.

Phoenix, Ariz., Dec. 11.—One the eve of his departure for Atlanta, where he will serve a year and a day in the federal penitentiary for white slavery, Harry Atwood was married to Elcarda Bazaure. The most interested spectator at the wedding, which occurred in the office of a justice of the peace, was their two year old daughter.

Atwood was convicted of giving a woman in Willeox \$20, with which she paid her fare to Clifton. As she passed, through New Mexico en route, the case came within the purview of the Manniaw. Atwood claimed that he had tried to break off with the woman and settle down with the Bazaure girl, with whom he had been living. In revenge, so he said, the woman swore to a white slavery complaint against him.

The young man requested that he be permitted to marry Elcarda Bazaure, and his request was granted. He arranged to send her to his parents in Oklahosma, who will care for her till he is out of prison.

SHIP WON'T WAIT FOR PANAMA CANAL'S COMPLETION Colon. Panama. Dec. 11.—The Arctic exploration ship Fram will sail next Monday for San Francisco, going by way of the straits of Magellan. The steamer has been waiting since Oct. 8, hoping to sail through the Panama canal, but seeing this to be impossible for some time, has decided to take the long way around. It would mean a year lost for Capt. Amundsen's expedition if the Fram delays too long in reaching San Francisco. She must refit and take on stores at San Francisco before proceeding north.

LARGE SPOT ON THE SUN

IS DISCOVERED BY PRIEST

San Jose, Calif. Dec. 11.—A sun spot, the largest seen in two years, has been discovered by father Jerome Ricardo, of Sunta Clara university.

The sun spot is in longitude 9, 17, 24, east of the central meridian. It is due to a heliocentric conjunction of the earth with Saturn on Dec. 7. The sun spot has an area of 402,336,709 square miles. It is 32,013,15 miles long and 12,805,25 miles wide

New Members Are Added By the Carpenters' Union Gives Illustrated Irrigation

Mark the Close of the Year by Union.

WO new members were added to the Carpenters' union at the regular meeting of the union Wednesday night. They are: Clark Campbell and J. H. Duckett. Hughey will talk on the club rules, with a response by S. S. Ulrey. Harl Singh, M. A., will be the guest of the club and will give a short talk upon India.

Lecture at the Bailey School.

Project engineer L. M. Lawson of the United States Reclamation service, talked about the Elephant Butte Dam irrigation project to the kindergarten and geography classes of the fifth, sixth, seventh and eighth grades of the Balley school Wednesday afternoon." The address was given in the auditorium of the High school build-ing. It was illustrated with about 100

ing. It was illustrated with about 100 stereoptican slides.

Mr. Lawson made the lecture interesting to the children who have been studying about the Elephant Butte project in their school work.

"Irrigation is one of the oldest things in the world today," he told the children. "We have records which show that it was started at least 4000 years ago. The largest irrigation projects in the world today are the Roosevelt dam of Arlzona and the Assuan dam in Egypt. Both are remarkable for their size and the obstacles that had to be overcome by the engineers in their construction. Yet as large as these are, there are ruins in Egypt, India, and Asia minor which show that at one time there were even greater projects for irrigation than anything we have now.

"You children, who live here in the southwest, know how necessary water for Irriga ion is for this section of the country. The United States Reciamation service is building 22 irrigation projects to bring water and Irrigation to the people of the west. The Elephant Butte dam will be 100 feet higher than the Mills building when it is completed.

phant Butte dam will be 100 feet higher than the Mills building when it is completed.

"Trigation is at least 300 years old here in the southwest. There are remains of ditches in both the Bio Grande valley and the valley of the Colorado river that were built by the early Spanish settlers when they first came to the southwest."

Mr. Lawson showed a number of views of the Roosevelt dam, the Laguna dam and the irrigation projects in Idaho, before showing the Elephant Butte pictures. V. S. Rogers, teacher of the chemistry department of the High school, opented the stereoptican machine, with Harry Welsch assisting. Mr. Lawson not only told the children of the work connected with the constructing of the actual dams, but the railway lines, and roads that had to be built by the reclamation service in or-

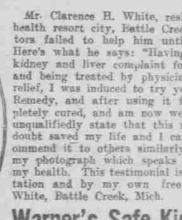

Recommends It to All Who Suffer From Kidney and Liver Complaints

Mr. Clarence H. White, residing in that famous health resort city, Battle Creek, Mich., writes doctors failed to help him until he tried Warner's. Here's what he says: "Having been afflicted with kidney and liver complaint for ever twenty years, and being treated by physicians with no apparent relief, I was induced to try your Kidney and Liver Remedy, and after using it for a time was completely cured, and am now well and strong. I can unqualifiedly state that this medicine without any doubt saved my life and I can conscientiously recommend it to others similarly afflicted. I enclose my photograph which speaks for itself as regards my health. This testimonial is given without solicitation and by my own free will."-Clarence H. White, Battle Creek, Mich.

Warner's Safe Kidney

MR. CLARENCE H. WHITE The initial hanquet of the Pen and Plate club will be given Saturday night at the Hotel Sheldon. This club is composed of the teachers of the public schools of El Paso and their friends. In accord with the plan for the banquets outlined at the organization meeting there will be one paper for each monthly banquet. "Dante's Divine Comedy" will be the subject of a paper.
